THIRD YEAR.

MAYSVILLE, KY., THURSDAY, MAY 17, 1894.

ONE CENT.

## MAYSVILLE WEATHER.

What We May Expect For the Next Twenty-four Hours.

### THE LEADER'S WEATHER FORECAST.

White streamer—Fair;  
Blue—Rain or snow;  
With black above—will warm  
grow.  
If black's beneath—coldness will  
be;  
Under black's shown—no change  
we'll see.

The above forecasts are made for a period of thirty-six hours, ending at 4 o'clock to-morrow evening.

### TWO CAPTAINS.

"Cozy," quoth Oyster,  
"It's time for you to go;  
Too long, too long you tarry—  
The white house clock is slow."

"Gover," quoth Cozy,  
"Right well that same I know;  
I came to run the old clock up,  
It's too all-right slow!"  
—Atlanta Constitution.

### Notice to Republicans.

The Republicans of the various Precincts of Mason county are requested to meet at the Council Chamber in Maysville on Saturday, May 26th, at 1 o'clock p. m., for the purpose of consultation in regard to the manner of choosing delegates to the coming Congressional Convention at Augusta, and such other matters as may be presented. D. P. Orr, Chairman.  
Sam T. Hickman, Secretary.

The Ripley School closes next week.  
Misses and Children's Kid, Tan, Oxford and Strap Sandals. Pecor's.

B. J. Weish has been appointed City Auditor of Lexington by the Mayor.

German town is infested with a gang of burglars, probably some of the crowd going to John Coxy's Army.

Chronic constipation is a troublesome and dangerous disorder. The surest and safest remedy is Ayer's Cathartic Pills.

Mrs. Samuel Nowers, wife of the genial Constable of Dover, was severely injured Tuesday night and severely injured, but it is thought will recover.

John Faber of Newport trimmed a corn some time ago, and yesterday the doctors trimmed his foot off the end of his leg, blood poisoning having set in. Better leave the corns on the cob.

James Wilshire, Administrator of Pearl Wilshire, secured judgment in the Circuit Court of Covington against the Cincinnati Street Railway for \$5,000. Judge H. P. Whitaker was attorney for plaintiff.

Farmers in the country surrounding Frankfort report great damage being done by cutworms. These worms have been playing havoc with underground plants, and much fear is entertained for corn, which has been recently planted.

On account of John Robinson's Circus at Vaneburg and Augusta the C. and O. will sell on May 30th round trip tickets to Vaneburg, including admission to the circus, at \$1.40, and on May 31st will sell round trip tickets to Augusta, including admission to the circus, at \$1.

## IT'S SO IF IT'S IN THE LEDGER.

Misses and Children's Kid, Tan, Oxford and Strap Sandals. Pecor's.

The blackberry crop in Greenup county is going to be immense, an unerring sign of the "revival of business."

Samuel Crawford, who drives the horse and rides in the beer wagon of Anthony Weiland, had some repairing to do in the beer cooler yesterday, when the door closed and Sam was yot prisoner in a cool place. After trying several hours to get out, he finally got it up as a cold deal, and had it not been for some one opening the door poor Sam would have been a cold corpse this morning.

### The Weekly Public Ledger!

THE MAYSVILLE REPUBLICAN, which is the Weekly Edition of *The Public Ledger*, is issued every Saturday. It contains 40 columns of choice reading matter, twenty of which are made up of editorial, local and neighborhood news. It is a splendid paper to send to Kentuckians living in distant places, as it gives all the news from home. Price \$1 50 a year. Now is the time to subscribe.

If you have friends visiting you, or if you are visiting on a visit, please drop a note to this effect.

Mrs. L. V. Davis is in Cincinnati today.

John Butler of Covington was in the city yesterday.

H. Lud Hamilton was a visitor at Cincinnati yesterday.

A. M. J. Cochran is at attendance on the Circuit Court in Catlettsburg.

Everett Brightman, the poultry man of this city, was in Cincinnati yesterday.

Miss Ida Fleming of Aberdeen is visiting her sister, Mrs. J. A. Fisher at Carlisle.

Hon. James T. Willis of Williamstown was a pleasant caller at *The Ledger* this morning.

Misses Lizzie and Nannie Peed and Miss Bertie Robinson have been visiting in Bourbon county.

Misses Hortense Davis and Marye Evans of Helena Station are visiting Miss Mad Downing near Maysville.

Dr. J. H. Samuel returned last night from the meeting of the State Homoeopathic Convention at Lexington.

Miss Lida L. S. Schatzmann, who has been visiting relatives at Ripley, Russellville, Winchester and other points in Ohio has returned home.

Miss Maud Henderson, after spending a few days with Miss Fannie Paul, has returned to her home in Augusta, accompanied by Miss Bertha Craig.

Mr. and Mrs. Berry Bedford of Bourbon county, who have been spending a few days with Mr. and Mrs. Frank Armstrong of Forest avenue, have returned home.

Albert N. Huff and Charles Collins, who went to Cincinnati to dedicate the big temple, accomplished their work and returned home yesterday afternoon.

Rev. W. T. Sparks, Pastor of the Washington Presbyterian Church, leaves today for Nashville, Tenn., to attend the General Assembly of the Southern Presbyterian Church.

The building trade is extremely dull at Lexington.

There was a large crowd in attendance on the prayer-meeting at the Central Presbyterian Church last night, the main room being used for that purpose.

On the conclusion of the prayer service there was held an election by the church for three deacons and one elder, which resulted in the following being chosen:

Deacons—J. M. Scott, Lafayette McGowan, John B. Orr, Jr.  
Elder—Professor J. H. Rowland.

Ripley has 133 soldiers buried in its cemetery, and will decorate their graves with appropriate ceremonies Memorial Day.

The Ripley National Bank declared a semi annual dividend of 6 per cent. last week. Well, that's pretty good for a short town like that.

In the United States Court at Covington ten moonshiners were acquitted, ten fined \$100 apiece, a month in jail, and sixty yot to try. Well, there'll be two new "white" distilleries started for every one that is broken up.

Dr. John A. Reed has bought the handsome Finch property, Third and Sutton streets, at a figure said to approximate \$12,000. It cost Mr. Finch about \$10,000, and is one of the most elegant homes in the city.

The Ripley Browns failed to materialize yesterday, and consequently there was no game of ball. When it is considered that the Maysville team sent two telegrams, requesting answer to the last one at their own expense, and that the Browns did not answer either, the conduct of the Ripleyites partakes of fragrant "brown" color.

### WEATHER AND CROPS.

Conditions Throughout Kentucky Much More Favorable.

The weather conditions of the past week did not vary materially from those of the preceding one. The temperature was generally above the normal, and despite the daily thunder showers, the amount of sunshine was very near the average. As was the case last week, the rainfall was very unevenly distributed. It came mainly in the form of local showers, which were most frequent in the Western half of the state, though all sections except a few isolated districts received an amount equal to or slightly in excess of the average. In some instances these storms were accompanied by violent winds and hail from the westward, especially in Hancock and Monroe counties, the correspondents in which report that crops in many fields were seriously injured. Taking the state as a whole, however, the conditions may be regarded as highly favorable, and all species of vegetation have advanced very rapidly during the week.

By far the larger part of the corn crop is in the ground, only a few fields in the lowlands remaining unplanted. There is a general complaint of damage to young corn from cutworms. Last week their presence was confined mainly to the Southern counties, but since then they appear to have spread throughout the entire state. In many sections the damage to corn has been so great as to necessitate replanting. But for this trouble, the outlook for the crop is most favorable. Some fields have progressed so far as to permit of their being worked over.

Wheat looks exceptionally fine and the outlook for a good crop is excellent. The only complaint is that the growth is somewhat too rank. In the Southern and Western sections it is heading very nicely.

The appearance of grasses of all kinds indicates an unusually large hay crop. Clover is not doing well and will not probably recover from the effects of unfavorable weather conditions earlier in the season. The outlook for oats is not promising, except for that portion planted very late.

The reports regarding tobacco are somewhat conflicting, but it is believed that the average condition of the plants is good. There is considerable complaint that they are underdressed and that in consequence the transplanting season will be delayed; also of injury to insects. Some setting has been done during the week. The ground is in good condition for the work, owing to the recent rains.

Garden truck is growing finely, with the exception of potatoes, which are somewhat backward.

Strawberries are in full bloom and are ripening in the Southern sections. The indications are for a fair crop. Other small fruits look better than was anticipated some time since.

There are no union carpenters at work in Covington.

Richard Watkins, for being drunk, got \$1 and costs.

The School Board of Ripley has abolished the Colored Schools, on account of the children attending the white schools. The move will save the town \$1,000 a year.

John Thomas, the month-old son of Mr. and Mrs. Thomas Tuggle, died Wednesday afternoon of whooping cough. Funeral from the Lewisburg Baptist Church at 8 o'clock this afternoon.

### THE CINCINNATI ZOO

The Most Famous Place of Interest in Cincinnati.

LARGEST ZOO IN THE WORLD.

An Institution of Which Every Person in the Ohio Valley should be Proud—The Many Special Features Planned for the Coming Summer—The Summer Night Fetes and Concerts—The Fireworks—The Varied Entertainments.

Cincinnati—the greatest metropolis of the Ohio Valley—has many objects of surpassing interest to engage the attention, but the one most productive of pleasure and educational value to the visitor is the Zoo. The Zoological Gardens of Cincinnati were established, years ago, by a true philanthropist. They have been fostered and improved by philanthropists, until now they are the most extensive and valuable in the world—an enduring monument to the magnanimity of their founder and productive of great good to the whole people.

Easy of access, possessing beautiful scenery and buildings of pleasing architecture, with a Zoological collection including specimens of every animal and bird in existence, it is an institution of which not only Cincinnati, but all the territory tributary to it should be proud. There is really no place in or about Cincinnati where one can spend a few hours so delightfully as at the Zoo. Those of our readers who have been there appreciate its attractiveness, and go every opportunity they have; and those who have not been there should go the first time they visit the city.

Many new features will be introduced at the Zoo during the coming summer. In a few weeks the great summer night concert season will open. On evenings when these concerts are given the Zoo is an animated scene of life and youth and beauty. The electric arc lights flood the scene with their brilliancy, while thousands sit drinking in the delightful music of the great band, while the gentle evening breezes fan their brows. It is a time for love and sentiment and rest. The cares and perplexities of business are forgotten in the present hour, so full of beauty and harmony. The management has engaged the celebrated Belsted-Ballensted Band to give the concerts this year, and this fact is a guarantee that they will be first-class. Herman Ballensted is fairly idolized by the people of Cincinnati, and his enthusiastic admirers declare that he has not an equal as a concert soloist. He is composing a number of special solos for the coming concert season.

In addition to the concerts, the management will offer many other attractions at the Zoo, from time to time this summer. There will be great athletic exhibitions, monster spectacular productions, starting, circus feats, wonderful exhibitions of performing animals, aquatic and aerial entertainments, magnificent displays of fireworks, day and night, and all kinds of pleasing attractions, consistent with the splendid reputation which the Zoo possesses as a thoroughly first-class and respectable family amusement resort. No matter what week you visit the city, you will find at the Zoo many special features in addition to the splendid and comprehensive menagerie, aviary and aquarium.

The educational value of the Zoo to the children is so great that every school and Sunday school in this section should get up an excursion to it some time this summer. The management of the Zoo is prepared to make most liberal arrangements with all organizations, and invites correspondence. Sunday-school Superintendents, School Principals, Secretaries of Lodges and Societies and all persons desiring to arrange for outings at the beautiful Zoo, should address Will B. Beck, General Manager, Cincinnati Zoological Garden, No. 220 Walnut Street, Cincinnati, O.

### HARD FOR YOUNG GIRLS.

Training Preparations For Entrance Into Society—What Paine's Celery Compound Does

To be graceful, entertaining, accomplished in music and French, easy talker on topics of the day, versed up in ancient history—this and much more is what society expects of the young girls who "come out" at 18 or 19.

In the few years before 30 so great a change is wrought that we almost, as if by magic, see a woman, where but a short time before was only a child.

If, during these critical years, constant mental exertion absorbs blood and nerve force, the system grows feeble and suffers from lack of nourishment.

The vital mistake of the thousands of girls who yearly break down in schools and colleges is just here: A vigorous, healthy body and brain must have an unlimited supply of pure, rich blood, fully capable of building up growing tissues and repairing the waste of hard worked nerves and brain activity.

This is just what Paine's Celery Compound is providing today for over-worked, anxious, "run down" people all over the United States and Canada.

If care be taken that no part of the body be poorly nourished, a great deal of hard work and study can be safely gone through. But when young girls are seen to grow thin, pale, spiritless and nervous, there is plainly starvation of some of the important organs and a craving of the body and nerves for better nourishment.

Paine's Celery Compound was first prepared by Professor Edward E. Phelps, M.D., L.D.S., of Dartmouth College, with the fullest knowledge of any medical man of his day of what tired, weak, nervous women need to make them well and strong.

The happy effects of Paine's Celery Compound in all cases of debility, nervous weakness and impoverished, impure blood are astonishing. It makes people well where everything else fails.

This remarkable remedy makes sickly, feeble women strong, and cures away completely with the languid feeling that comes from underfed nerves and blood.

As a sure sign of its radical effect on the system for good, it is noticed that in a short time the eyes grow clearer and brighter, the cheeks rosy and the mind more active and cheerful.

Paine's Celery Compound cures dyspepsia, sick headache, neuralgia, rheumatism, and every symptom of impure blood and permanently cures the most difficult diseases of the liver, kidneys and heart. Thousands and thousands of men and women who have taken Paine's Celery Compound are today perfectly well and happy.

the fact at the office.

The New York Press lays before the  
American people the details of the most  
amazing and gigantic scandal that ever  
disgraced the Government of the  
United States. It places before the  
public in all its ramifications a  
great conspiracy whose fruits are  
seen in the sugar schedules of the  
Democratic Tariff measure, and  
whose purpose is the robbery of the  
people for the enrichment of the Sugar  
Trust. It demonstrates by circumstantial  
evidence that the complete and  
ignominious surrender of the Democratic  
leaders to the sugar monopoly was engineered  
from the White House. It shows  
that the amendments which give the  
Trust an extra profit of more than \$50,  
000,000 a year, which increase the price  
of sugar to the people by more than one  
cent a pound, and which allow the Trust  
to drain the Treasury of gold and import  
free of duty enough raw sugar to supply  
its refineries for 1895, were written by  
the hand of the Secretary of the Treasury,  
with the full knowledge and sanction  
of GROVER CLEVELAND. And it calls  
upon honest members of the United  
States Senate, without regard to party,  
to defeat absolutely that infamous measure  
of corruption and extortion, the Administration  
Tariff Bill.

Not a link is wanting in the chain of  
proof. Not a doubt exists as to the in-  
famous bargain by which the Democratic  
leaders have sold their party and  
delivered the people up to be plundered.  
Now light is cast upon the Hawaiian  
infamy by The Press' revelations. It is  
proved that the power of the sugar  
monopoly that contains \$500,000 to the  
election of GROVER CLEVELAND was a  
most potent factor in inspiring the outrageous  
plot to destroy Republicanism in Hawaii  
and set up a savage and debased despotism  
over intelligent, progressive and patriotic  
American men and women. GROVER  
CLEVELAND offered the Ambassadorship  
to Italy in return for a \$50,  
000 campaign contribution. For a  
payment ten times as large, with the  
promise of lavish aid for the Democratic  
party in the future, the Cleveland  
Administration was willing to snuff down  
freedom in Hawaii and permit the Sugar  
Trust to rob every citizen of the American  
Republic. The huge monopoly had  
given the sinews of war, without which  
Democratic victory might not have been  
achieved. It demanded the pound of flesh.  
President CLEVELAND, the loud-voiced  
denominator of Trusts, insisted that the  
demand should be honored, no matter what  
pledges to the people were broken, or how  
meretriciously the people were plundered by  
the most powerful and remorseless of  
monopolies.

But the Administration is not the only  
culprit. Without the active help of a  
cabal of Democratic Senators the execution  
of the plot would have been impossible.  
The Sugar Trust sent its agents to  
the Capital. It offered opportunities for  
enormous wealth through speculation  
in the stock market on "inside information."  
The full and explicit narrative  
which The Press prints shows the result.  
Adroit though they were, the conspirators  
could not cover up their tracks. The job  
was too gigantic to be hidden. For  
many days reports have been current in  
Washington that the pending Tariff  
measure was founded on corruption,  
whose extent would astonish the Nation  
when it should be made known. The  
Press shows that these reports were true  
by substantiating the facts, facts which have

been secured by the patient labor of  
thoroughly trustworthy investigators.  
It was possible for an honest Democrat  
to support the Administration bill before  
the truth was known. It will be impos-  
sible for such a man to vote for that  
odious measure now without violating  
every principle of honor and every di-  
cate of conscience. The bill is piloried  
before the people as an infamous barter  
of public interests, an atrocious betrayal  
of public welfare and a cowardly surren-  
der of public rights at the behest of a  
vast monopoly which has purchased  
the Cleveland Administration and which  
owns many Democratic Senators. Will  
decent Democrats in the Senate consent  
to ratify this outrageous bargain? Will  
they approve the sale of the Democratic  
party by voting for the bill framed by  
the Sugar Trust to rob the taxpayers of  
the United States?

The best thing ROLLA HART can do is  
to hold a private convention in some  
Fleming county fence corner and pass a  
resolution indorsing the course of Con-  
gressman PAYNTER. It is true it might  
offend some people, but it couldn't make  
matters much worse for him.

The Treasury of the state of Kentucky  
is empty and Mr. CARLISLE is calling for  
authority to borrow money to keep the  
United States Government running, and  
yet J. K. PONTON, the expert of the  
Census office, has just issued a bulletin  
showing that this is the richest country  
in the world. The Democratic party is  
showing that it is incapable of running  
this country.

**EXCHANGING SILVER DOLLARS.**  
St. Louis Globe-Democrat.  
Some of the jewelry stores advertise  
that they allow customers the weight of  
silver dollars in engraved sterling forks  
and spoons. This looks like throwing in  
the manufacture, but when it is re-  
membered that the silver dollar, though  
worth fifty-four cents, passes for a hun-  
dred cents in gold the large margin for  
profit is apparent.

"Debates nothing?" was the disheartened  
response: "them's experience medals."
